

The Enclave at Rye Rehabilitation and Nursing Center Unveils Completion of Multi-Million Dollar Renovation to Community

PORT CHESTER, NEW YORK, UNITED STATES, October 24, 2019 /EINPresswire.com/ -- The Enclave at Rye Rehabilitation and Nursing Center was proud to unveil their newly-renovated healing center to the community. The historic ribbon cutting event was spent alongside Westchester County's leading physicians and respected partners in care, as The Enclave team toured guests through the center's newly-completed patient care areas, healing suites and Urban Zen Integrative therapy suite, and rehabilitation gymnasium.

"Our entire team has put so much effort into achieving our premier status. We are thrilled and honored to have the opportunity to share this prized moment with our partners in care and the entire community," shared Jacob Barber, Administrator of The Enclave at Rye.

The Enclave at Rye's state-of-the-art rehabilitation gymnasium features some of the most advanced training equipment known to the world of skilled nursing. The gymnasium was designed for post-acute patients to build strength, endurance, and physical skill sets after a procedure or hospital stay.

A HydroWorx underwater treadmill has also been installed in The Enclave at Rye's physical therapy suite to offer recovering patients care planned sessions for building stamina and improving overall endurance. Patients who are recovering from hip or joint replacements, orthopedic procedures, or are in need of physical strength building, benefit from unparalleled training modalities that support an active recovery through personalized attention and care.
