

Newsday Names SUNation Solar Systems a Winner of the Long Island Top Workplaces 2019 Award

RONKONKOMA, NEW YORK, UNITED STATES, October 24, 2019 /EINPresswire.com/ -- [SUNation Solar Systems](#) has been awarded a Top Workplaces 2019 honor by Newsday. The list is based solely on employee feedback gathered through a third-party survey administered by research partner [Energage](#), LLC, a leading provider of technology-based employee engagement tools. The anonymous survey measures several aspects of workplace culture, including alignment, execution, and connection, just to name a few.

"The Top Workplaces award is about much more than recognition and celebration," said Eric Rubino, CEO of Energage. "Our research also shows that these organizations achieve higher referral rates, lower employee turnover, and double the employee engagement levels. It just goes to show that being intentional about culture delivers bottom-line results."

SUNation offers a variety of employee perks to keep the workplace fun and exciting. Since 2015, CEO and Co-Founder, Scott Maskin, has rescued pregnant dogs through [Last Chance Animal Rescue](#). When the puppies are four weeks old, Maskin brings them to the office, and the employees help care for them until they are ready to be adopted.

"SUNation is a work hard, play hard type of company. The employees put in countless hours of hard work and dedication, so I like to make sure they are happy and are looking forward to coming to work each day," says Maskin.
