

Clinical Nutrition 2019 Global Trends, Market Size, Share, Status, SWOT Analysis and Forecast to 2025

WiseGuyReports.com Presents "Global Clinical Nutrition Market Insights, Forecast to 2025" New Document to its Studies Database

PUNE, MAHARASTRA, INDIA, October 25, 2019 /EINPresswire.com/ -- Increasing adaptation of unhealthy food is responsible for the growing chronic disease. As a result, the market share will increase if the trend continues.

In 2018, the global market of [Clinical Nutrition](#) stood at 31,608.3 million USD. The industry is expected to exceed 87,530.7 million USD by 2025. The industry is anticipated to show an impressive compound annual growth rate (CAGR) during the forecast period.

In recent time, home healthcare is growing significantly in comparison to the past. As a result, homes enteral nutrition is increasing. Increasing enteral nutrition results in the growth of the Clinical Nutrition market.

Developing countries like India are facing malnutrition problem, which is damaging the image of the country and cost human resources for the country. As a result, the government took several initiatives to reduce the number of children affected by malnutrition, which promotes the growth of the industry. The significant increase in the old population in countries like the United States required regular external food supply through enteral or parenteral routes. As a result, different big manufacturers are targeting the industry to address the growing demand.

Several aspects like lack of awarenesses and stringent regulations by the various governments are hindering the growth of the industry during the forecast period.

Market Players:

Abbott nutrition Inc.
Ajinomto Co. Inc.
Hero Nutritional Inc.
Nestle SA
Perrigo Company Plc
Baxter International Inc.
B. Braun Medical Inc.
Fresenius Kabi AG
