In a multitude of renowned artists on major labels, Indie Singer Songwriter, Jo Potter makes her way up the charts with two hit singles from different albums.

SINGAPORE, SINGAPORE, October 27, 2019 /EINPresswire.com/ -- Singapore, October 25th, 2019 – Jo Potter is a talented and accomplished American singer-songwriter who is based in Singapore and has been in the music industry for years. Upon recent release of her third album last month, her music is getting incredible attention by charting alongside major artists and labels with two singles from different albums. Her song, "[Tonight](#)", landed this week at #47 on the BDS Top 40 Indicator Chart and #64 on Mediabase Top 40 Activator Chart this past week surpassing artists such as Ed Sheeran, Taylor Swift, and the Chainsmokers.

If this wasn't impressive enough, her single, "[In Time](#)" has made a 20+ leap on the Mediabase Top 40 Activator Chart, to #53 concurrently. Through all the attention, Potter remains extremely humbled. "Having both of songs do so well simultaneously is beyond exciting, but still hard for me to fathom," says Potter with a sheepish smile. "I always considered myself a small indie artist and never imagined I'd be running with the big dogs," jokes Potter.
