

NuSierra Colombia SAS Receive Approval to Export/Import Cannabis Flower into Canada

TORONTO, ONTARIO, CANADA, November 1, 2019 /EINPresswire.com/ -- [NuSierra](#) Colombia SAS (NuSierra) in conjunction with a Canadian medical cannabis licensed producer and a licensed analytical laboratory has received approval from Health Canada to import two shipments each of 500 grams of cannabis flower into Canada for purposes of reviewing the following scientific protocols: i) R&D Comparative Analytical Study Protocol and ii) Transport Study Protocol.

With this approval, Health Canada has permitted NuSierra to conduct a comparative analysis of Canadian and Colombian strains, as well as the stability of these products when exposed to transport conditions, a critical element in securing a GMP compliant supply chain. “Comparative analysis and the study of stability during transport are critical to establishing Colombia as the world-leading supplier of true, pharmaceutical-grade medical cannabis,” says Matias Gaviria CEO of NuSierra.
