

Coconut Fibre Market 2019 Global Industry Sales, Supply, Consumption, Analysis and Forecasts to 2025

Wiseguyreports.Com Publish New Market Research Report On-"Coconut Fibre Market 2019 Global – Key Players Analysis, Sales, Supply, Demand and Forecast to 2025"

PUNE, INDIA, November 4, 2019 /EINPresswire.com/ --

[Coconut fibre Market 2019](#)

Market Overview

Coconut fibre or coir fibre is obtained from the husk of a coconut and is a natural fibre. The coconut husk is soaked in water for a while and then the coir is removed from these husks. Depending on the colour of the husk and the size, it is graded. These graded fibres are then used for various applications that are suitable for them. The process of removing the coconut fibre or coir from the husk of the coconut is called retting.

The following top manufacturers are covered:

Dutch Plantin
Samarasinghe Brothers
SMS Exporters
Sai Cocopeat
Kumaran Coirs
Allwin Coir
Benlion Coir Industry
CoirGreen
Dynamic International
JIT Holdings
Rajesh Agencies
HortGrow
Xiamen Green Field

Coir has a very good insulating property which makes it suitable for various applications in the construction industry. The water retention capabilities of coir are also exceptional making it suitable for use in the agriculture industry. The coir of the best quality is often used to make seats for various automobiles and railway coaches. They can also be used to create various articles of furniture that have a long lifetime and are very durable. A coir fibre normally takes about 20 years to decompose and it is eco-friendly as well.

The report published on the global coconut fibre market is a comprehensive study of the industry and illustrates the various factors that can either promote or inhibit the market growth. Various key manufacturers from around the world are focused on and their revenue, ex-factory price, capacity and their market share in the global market are discussed thoroughly. The recent developments in the coconut fibre field, as well as the expansion plans of the key manufacturers,

are discussed in depth in the report.

Market Segmentation

The global coconut fibre market is divided into different categories based on the various types of fibre available and the different applications that they can be used for.
