

Sports Trading Firm Sportex Announce Record Profits for the Last Quarter of 2019

The software based investment company have experienced unprecedented growth over the past 24 months and it shows no sign of slowing down in 2020.

LONDON, UNITED KINGDOM, November 6, 2019 /EINPresswire.com/ -- Sportex have slowly been gaining market share in the alternative investment market due to their patented trading algorithms that have allowed clients to benefit from sporting events around the world since 2009.

Sportex are only going to become bigger due to the huge news out of the US last year as the Supreme Court ruled that the Professional and Amateur Sports Protection Act (PASPA) is unconstitutional, changing the future of sports betting in the United States. Before this ruling it was illegal to gamble in the United States except in certain states and cities such as Las Vegas and Atlantic City.
