The report covers the following geographical regions to analyze their apparent consumption, production, and export and import of gold rings:

North America

Europe China lapan Southeast Asia India

Industry News

The gold rings industry, which often sees an up and down rollercoaster market is seeing a fresh revival after the introduction of new designs. Currently, Turkish-design gold rings are highly in demand. The Turkish-design gold rings are lightweight jewellery items spread out with a wire-like gap and sporting an attractive finishing. Similar designs that have bulk weight and paired with low grammage are enjoying great demand amongst gold ring buyers. Designs like antique pieces, Kundan, and Filigree are setting the gold rings market back on track.
