Key Players

The POS Cash Drawer market report incorporates the profiles of well-known companies as well as the emerging players active in the market. In this way, the market implies the ongoing trends in the manufacturing landscape, and consequently, the market is precisely probed over its competitive scenario.

Point of Sale (POS) Cash Drawer is a removable drawer which consists of several compartments for sorting denominations and coins. This cash drawer is connected to POS system which sends an electrical signal to release the latch to remove or placing in the cash. The Global POS Cash Drawer Market was 983 Million USD in 2018 and is estimated to reach 1391.50 Billion USD by 2025 with a CAGR of 5.09% during the forecast period.

Growth by Region

Asia Pacific region is expected to be the largest Global POS Cash Drawer Market in the forecast period. The presence of large number of local players offering these cash drawers to small retailers in this region is the reason for this growth. It is followed by Americas and Europe region with next largest market shares.

Drivers vs. Constraints

The increase in safety & efficient cash management, growing organized retail format and continued dominance of cash in consumer transaction are the reasons for the growth of Global POS Cash Drawer Market.

Increasing popularity of non-cash payments in retail stores is the factor which restricts market growth.

Industry Structure and Updates

In 2013, cash transactions are accounted for 86% of total regular retail payments but government in order to reduce dependency on cash, has been taking many initiatives for promoting cash less transactions.
