The report on WGR includes an in-depth study of the Packaged Refrigeration market in each regional segment mentioned above.

Industry News:

Several food items that were considered out-of-the-ordinary are highly sought after and are considered mainstream. With consumers pursuing for more active lifestyles, they seek for food items that can be consumed on the go. High-protein bars are seeing increased appeal among the consumers. Minimalist labeling and natural ingredients are some of the attributes of top-rated snack bars. Clean ingredients and label transparency have been dominating the F&B industry for the past few years, and is likely to remain strong in the long run. Consumers seek for food items free from artificial dyes, fillers, sweeteners, high-calorie and GMO, and high-fat ingredients.

The food and beverage industry has witnessed a decrease in their profit margin. Due to the falling commodities, these margins need to increase in the long run.

If you have any special requirements, please let us know and we will offer you the report as you want.
