PUNE, MAHARASHTRA, INDIA, November 11, 2019 /EINPresswire.com/ -- [Global Territorial Border and Coastal Surveillance System market 2017-2021](https://www.wiseguyreports.com/sample-request/1408369-global-territorial-border-and-coastal-surveillance-system-market-2017-2021)

Internal and external security threats, such as terrorism, civil unrest, illegal border infiltration, piracy, drug trafficking, and critical infrastructure demolition, urge countries to focus on fortifying maritime and border security. As coastal and border regions form the primary line of defense for any country, investments in maritime and border security are expected to result in substantial growth during the forecast period. In addition, several border conflicts among nations and increasing claims over natural resources and strategically important regions are expected to lead to a substantial increase in military spending in the market.

Analysts forecast the global territorial border and coastal surveillance system market to grow at a CAGR of 6.20% during the period 2017-2021.
