If you're reading this, you probably already know - Pappy Family Reserve is considered one of the world's oldest and rarest bourbons, which makes their 23-Year Family Reserve one of the most exclusive and expensive bottles on the market. As the holidays approach, so also begins the anxiousness and anticipation of Pappy Season! Picking up any ones of these whiskeys is by far one of the largest challenges a bourbon drinker may face. Lotteries are created just for a chance to buy it and people will camp out and wait in lines for days to try and get their hands on a bottle.

These select bourbons may seem more available than they actually are, with some retailers claiming to have the bottles in stock despite the low likelihood of this being the truth. In fact, just like fake designer handbags, there is no guaranteed authenticity to online sellers and no protection for the buyer against phony or counterfeit reproductions. These bottles are even available on Alibaba which is a Chinese wholesale trade platform. The mayhem of the gift-

giving season gives way to an even bigger demand for Pappy Van Winkle bourbon. This is where the importance of buying directly from a reputable and undeniable source comes in. Don't get lost within the hysteria, make sure your purchase is authentic by ordering online through [CaskCartel.com](https://www.caskcartel.com) Americas #1 Premium Spirits Marketplace.

Partnering with only local licensed retailers, Cask Cartel has built the largest and most trusted online premium spirits marketplace. They've sold many allocated and rare scotches that range from \$30,000 to \$65,000, and that's just a start. Considered the Amazon for fine spirits,
