

AEssenseGrows Receives CE Marking for Its Automated Aeroponics Systems

The Markings Confirm That the Company's AEtrium Grow Systems Meet the Health, Safety and Environmental Standards Required in Europe

SUNNYVALE, CALIFORNIA, UNITED STATES, November 13, 2019 /EINPresswire.com/ -- [AEssenseGrows](#), an AgTech company specializing in precision automated aeroponic platforms for consistent high-yield plant production, announced today that its [AEtrium](#) grow systems have received Europe's CE Marking, ensuring they meet the health, safety and environmental protection standards for products sold within the European Economic Area.

The CE Marking covers both the AEssenseGrows AEtrium-2.1 and AEtrium-4 grow platforms. Last year, the company received similar certification from Underwriters Laboratories (UL), the largest not-for-profit testing laboratory in the world. And the company's compact high-intensity AErux LED bloom light last year received an Electrical Testing Laboratories (ETL) safety listing, exceeding or surpassing all standards for safety published by UL and other standards bodies.

“

The only thing more important to AEssenseGrows than its customers' success is its customers' safety.”

Phil Gibson, AEssenseGrows' vice president of Marketing

The AEssenseGrows award-winning AEtrium system delivers sensor-driven cruise-control automation to simplify aeroponics and amplify its inherent benefits.

“The only thing more important to AEssenseGrows than its customers' success is its customers' safety,” said Phil Gibson, the company's vice president of Marketing. “Our team has worked hard to ensure our equipment meets and exceeds all relevant regulatory standards so our

customers can focus on winning in the marketplace without having to worry about safety issues.”

Also today, AEssenseGrows introduced a new set of business management features that deliver dramatically greater insight to cultivators. The new Guardian Cloud Intelligence central management system brings cloud-based data analysis and visualization of complete grow operations to AEssenseGrows' advanced software platform for automated aeroponic plant growth.

The AEtrium system hardware and software will be on display at the AEssenseGrows booth,

AEssenseGrows Receives CE Marking for Its Automated Aeroponics Systems

C5308, at the MJBizCon show in Las Vegas Dec. 11-13. More information on the products is available at www.aessensegrows.com.

About AEssenseGrows

AEssenseGrows (pronounced "essence grows"), founded in 2014, is a precision AgTech company based in Sunnyvale, Calif. A recipient of the Red Herring 2019 Top 100 North America award, AEssenseGrows provides accelerated plant growth SmartFarm platforms and software automation delivering pure, zero pesticide, year-round, enriched growth to fresh produce and medicinal plant producers globally. With AEssenseGrows, growers can precisely control their production operations at your fingertips from anywhere in the world.
