AKVIS ArtWork 12

[Version 12.0](#) presents increased image processing speed for the Oil, Gouache, Comics, and Pastel effects. You can now create your masterpieces easier and faster than ever.

The Pen & Ink style offers new post-processing tools for adding the finishing touches to your paintings. Besides, the recent version includes the enhanced Batch Processing option with the new file renaming feature, and the possibility to freely position the Text/Watermark in images. The new features foster greater creativity and inspiration.

Also, the update provides full compatibility with macOS Catalina (10.15) and with Adobe Photoshop 2020, Photoshop Elements 2020, Corel PaintShop Pro 2020 and Painter 2020; support for more RAW files, as well as some bug fixes, and stability improvements.

[The 10-day free trial version](#) of ArtWork is fully functional and offers every feature of the software for you to try.

The software runs on Windows 7, 8, 8.1, 10 - 32/64-bit; Mac OS X 10.10-10.11 and macOS 10.12-10.15 - 64-bit. The product is available as a standalone application and as a plugin filter for AliveColors, Adobe Photoshop, Corel Photo-Paint, and other image editors.

AKVIS ArtWork Home sells for \$72.00. Deluxe and Business versions with more effects and tools are also available for sophisticated users and commercial clients. Consult the official website [akvis.com](#) for more details about license types and prices of the software.

The update is free for users who bought the product in the last 12 months. Users whose licenses are older and are not valid for the new version, can get ArtWork 12.0 for only \$14.95.
