Mori - Nappy Cream

“Love this product, I have a 6-month old who I wouldn’t dream of using cheap products on, and this is great. It may cost more than usual brands, but why wouldn’t you?! It’s organic, brilliant for newborn/ sensitive skin. Lightly fragranced so no harsh smells, and very relaxing for baby when you’re massaging this into their skin, (wet or dry). I would buy again and will be recommending to my mummy friends,” an impressed reviewer mentioned in her Amazon review.

Mori of Norway is a family-owned-and-operated company dedicated to creating natural skin care products and maintaining exemplary focus on safety and quality. The company’s [baby oil massage](#) is manufactured in a cosmetic factory in Denmark.
