

The Mesothelioma Options Help Center of Washington Encourages Calling for Access to Attorneys at The Steinberg Law Group

The Mesothelioma Options Help Center of Washington Encourages Anyone Suffering from Mesothelioma to Call for Access to Attorneys at The Steinberg Law Group

SEATTLE, WASHINGTON, USA, November 14, 2019 /EINPresswire.com/ -- The [Mesothelioma](#) Options Help Center of Washington is dedicated to providing the best possible legal and medical assistance to those stricken with mesothelioma or [asbestos](#)-related lung cancer. Anyone wishing to discuss their legal and/or medical options should call (888) 891-2200 to speak directly with an attorney from The [Steinberg](#) Law Group.

The Mesothelioma Options Help Center of Washington has endorsed The Steinberg Law Group because of their vast experience in handling mesothelioma and other asbestos-related cases. With offices in New York, California and Texas, The Steinberg Law Group has a national footprint that helps win the best possible financial compensation for clients.

Typically, asbestos exposure will have occurred sometime between the 1950s and the 1980s. Some of the most prevalent professions that encountered large quantities of asbestos include power plant workers, maritime workers, industrial workers, plumbers, pipefitters, electricians, mechanics, machinists, miners, railroad workers and construction workers, to name a few. Since the latency period for mesothelioma patients is approximately 40 years, most people diagnosed with mesothelioma or asbestos-related lung cancer in 2019 were exposed decades ago.

For the best possible medical treatment for mesothelioma and asbestos-related lung cancer, call (888) 891-2200 so a member of the Mesothelioma Options Help Center of Washington can determine which hospital/doctor in our network is most convenient for you.

States with the highest incidence of mesothelioma include Oregon, Washington, Louisiana, Minnesota, North Dakota, Michigan, Illinois, Virginia, West Virginia, Ohio, Pennsylvania, New Jersey, Maryland, Massachusetts, Maine and Connecticut. For more information about mesothelioma and asbestos-related lung cancer, call (888) 891-2200 or visit www.mesotheliomaoptions.com

Inhaling one fiber of asbestos is enough to cause mesothelioma decades later.

“

I said, 'Mr. Brown, do you mean to tell me you would let them work until they dropped dead?' He said, 'Yes. We save a lot of money that way.'"
