

Hestia Construction & Design Launches New Brand

Renowned design and build firm Hestia announces a new brand

HOUSTON, TEXAS, UNITED STATES, November 18, 2019 / EINPresswire.com/ -- [Hestia Construction & Design](#), a full service design and build firm specializing in kitchen, bathroom, and full home [custom renovations](#) is pleased to announce the launch of its new brand. Although the firm will continue to offer the same services, it now has a new look that better represents a commitment to providing customers with an exceptional experience during the course of their renovations.

“We’re proud of our new look,” says Hestia spokesperson Hannah Valentine. “Our new logo is stylish, elegant, and indicative of the superior design and workmanship that we offer.”

The new logo evokes images of ancient Greece. The two columns that form the outer edge of the letter ‘H’ have the look of ancient pillars, while the laurel wreath represents Hestia, the ancient Greek goddess of hearth and home.

“The ancient Greeks were the most skillful builders that the world has ever seen,” adds Valentine. “Even thousands of years later, we can still see the beauty and magnificence of their structures. At Hestia, we constantly strive to emulate that dedication to excellence.”
