

Illinois US Navy Veterans Lung Cancer Advocate Has Endorsed the Law Firm of Karst von Oiste to Assist a Navy Veteran with Compensation If They Have Lung Cancer Because of Service Related Asbestos Exposure

CHICAGO, ILLINOIS, USA, December 13, 2019 /EINPresswire.com/ -- The Illinois US Navy Veterans Lung Cancer Advocate says, "We fear the majority of Navy Veterans or people with lung cancer in Illinois are not aware that they might qualify for significant financial compensation-if they had heavy exposure to asbestos in the service or at a workplace. Even if the Veteran or person smoked cigarettes-as long as they can prove the asbestos exposure the compensation could be significant as we would like to discuss anytime at 800-714-0303."

"To get the financial job done for a Navy Veteran or person with asbestos exposure lung cancer we have endorsed the law firm of Karst von Oiste. The remarkable lawyers at the law firm of Karst von Oiste are responsible for over a billion dollars in financial compensation for Navy Veterans and people with asbestos exposure lung cancer and mesothelioma and they work overtime for their clients. For direct access to the attorneys at the law firm of Karst von Oiste please call us anytime at 800-714-0303." www.karstvonoiste.com/

The Illinois US Navy Veterans Lung Cancer Advocate is now offering to help a Navy Veteran or a person with asbestos exposure lung cancer develop what they call the list. The 'list' documents how, where and when a Navy Veteran or person with asbestos exposure lung cancer was exposed to asbestos. It is this vital information that becomes the foundation for a compensation as the Advocate would like to explain anytime at 800-714-0303. <https://Illinois.USNavyLungCancer.Com>

The Illinois US Navy Veterans Lung Cancer Advocate is proud to help the people with asbestos

exposure lung cancer or mesothelioma in Chicago, Springfield, Rockford, Peoria or anywhere in Illinois.

High-risk work groups for exposure to asbestos in Illinois include Veterans of the US Navy, workers at one Illinois's two dozen power plants, steel mill workers, public utility workers, factory workers, plumbers, electricians, auto mechanics, welders, pipefitters, millwrights, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.
