New statistical report "Global Sports Utility Vehicles (SUVs) Market 2019-2025" has been featured by wiseguyreports to its extensive database.

PUNE, MAHARASTRA, INDIA, November 18, 2019 /EINPresswire.com/ -- Overview Sport Utility Vehicles (SUVs) are a type of vehicles which have a high ground clearance including other off-road driving characteristics. SUV's may come in 4x4, 4x2 or all-wheel-drive configurations. There is no clear definition of an SUV, but these features form the baseline of an SUV. Recently, there was an emergence of CUV's. The CUV's have the looks and design of an SUV but are built on a passenger car chassis. Still, in many markets, they are considered as SUVs.

The report analyses the volume (units) and value (\$) of SUV's at a Global, Regional and Company level. The overall market size of the SUVs is estimated by analysing historical data and understanding prospects. The report also categorizes the production, consumption, export and import of SUV's. For all the manufacturer's mentioned, information such as manufacturing sites, capacity, production, ex-factory price, revenue and global market share is included in the report.
