The global consumer goods sector has been mainly driven by the growing disposable income of consumers in recent years. Developing parts of the world such as East and Southeast Asia, the Middle East, Africa, and Latin America have emerged as major markets for the consumer goods sector, with Asia Pacific likely to dominate global proceedings over the forecast period due to the increasing disposable income and readiness to purchase increasingly expensive and advanced consumer goods products among consumers in countries such as China, India, Japan, Taiwan, South Korea, Australia, and Singapore.
