FALLS CHURCH, VIRGINIA, UNITED STATES, November 18, 2019 /EINPresswire.com/ -- [IntelliDyne, LLC](http://IntelliDyne, LLC) is proud to announce it has been recognized among the Top Ten Best Companies for Veterans in 2019 by Monster and Military.com. IntelliDyne has been highlighted for excellence in hiring and retaining veterans and military spouses. IntelliDyne develops and executes effective solutions in enterprise infrastructure management (EIM), analytics, cybersecurity and information assurance, application development, and cloud computing. Its key clientele includes the US Defense Health Agency, the US Department of Defense, the US Department of Justice, and other leading federal agencies.

According to Monster's Veterans Survey, every year, more than 200,000

service members transition out of the military, and the vast majority (94%) of them are looking for jobs after completing their service. Veterans are some of the highest-trained candidates in the workforce, with skills required in growth industries ranging from information technology to cybersecurity. Monster added, "Yet despite all the training, skills, and experience, there's still a communications gap between employers and military candidates. One of the biggest obstacles to finding the right job fit after separating from the military is matching your skills to the appropriate civilian jobs.

For the past five years, in honor of Veterans Day, Monster and Military.com have worked with experts in veteran and military-family hiring to compile the Best Companies for Veterans list. Monster states that the pool of candidates has gotten stronger every year, pushing the benchmark for inclusion higher as a result. Among the Top Ten companies in 2019, the minimum percentage of veterans compared to the total workforce has reached a soaring 19% and higher. In 2019, IntelliDyne is proud to report a Veteran hiring rate of 27%.

In a statement released by Monster, IntelliDyne was acknowledged for "smooth and efficient onboarding, and for having a veteran buddy program to connect newly transitioned hires with established employees from the same branch of service who can help the new hire navigate through the organization." Moreover, "After a few months on the job, IntelliDyne's veteran employees have breakfast with the CEO, Tony Crescenzo, and spend a half-day with the
