

Carolina Digital Phone Completes Hosted VoIP Phone System Installation for Noble Academy in Greensboro NC

Noble Academy, renowned for empowering students with learning differences to pursue highest potential within a comprehensive, supportive educational environment

GREENSBORO, NC, UNITED STATES, November 20, 2019 / EINPresswire.com/ -- Carolina Digital Phone, a leading [hosted VoIP](#) and telecommunications firm based in North Carolina that serves businesses, government agencies, [non-profit organizations](#), and academic institutions nationwide, has completed a hosted VoIP phone system installation for [Noble Academy](#).

Based in Greensboro, NC, Noble Academy is a grade 2-12 private school for students diagnosed with learning disabilities such as ADHD (Attention Deficit Hyperactivity Disorder), Dyslexia, Dysgraphia, CAPD (Central Auditory Processing Disorder) and more. The institution is renowned for empowering students with learning differences to pursue their highest potential within a comprehensive, supportive educational environment.

“

We chose Carolina Digital Phone because we were looking for a good and affordable VoIP solution and a local service company. Our experience has been great, as they have been easily reachable.”

Francisco Guijoza, Director of Operations at Noble Academy

The installation included licenses (seats) for multiple users, as well as several Direct Inward Dialing (DID) numbers, which are virtual numbers that route calls to existing telephone lines. Noble Academy also purchased conference phones, IP phones, eFax functionality, and a device that enables IP paging adapter and bell scheduling.

Commented Chris Villa, Major Account Executive at Carolina Digital Phone: “Noble Academy had a long relationship with their previous telephone system provider, but wanted a phone system that offered more features, benefits and cost saving opportunities — including

updating a longstanding paging and bell system that they had spent a lot of money on, but were unable to use. Our team went in and fixed that problem completely. Working with the entire Noble Academy team has been wonderful — everyone is professional, supporting and very enthusiastic about the new phone system. We look forward to a long-term business relationship with this remarkable and acclaimed school.”
