

The UK's New TommyWorks Initiative to Be Presented on at the Upcoming Future Soldier Technology Conference

Future Soldier Technology will convene in London 9th-11th March 2020 and will feature presentations highlighting the UK's new soldier modernisation initiative.

LONDON, UNITED KINGDOM, November 21, 2019 / EINPresswire.com/ -- [Future Soldier Technology](#) is the only event in Europe specifically dedicated to the enhancement of future soldier modernisation programmes, providing delegates with a unique opportunity to discuss new technologies, materials and initiatives.

With the UK currently in the process of designing its new TommyWorks initiative in a bid to drive soldier modernisation, SMi Group are delighted to announce the following presentations at [2020's Future Soldier Technology Conference and Focus Day](#):

"R&D Into Dismounted Situational Awareness"

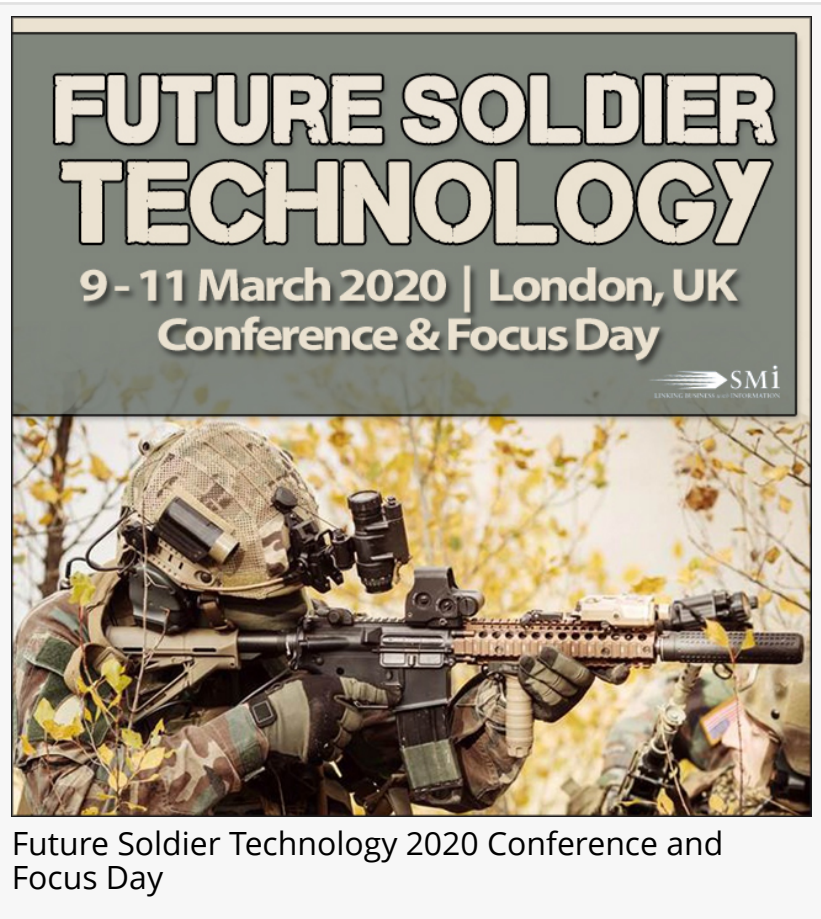

- Methods and approach to developing DSA technology for the dismounted soldier
- The development of DSA, for a soldier system, within LE Tac CIS
- Wider situational awareness and Combat identification for the general user

Presented by Lieutenant Colonel Toby Lyle, SO1 Command and Battlespace Management, British Army

"The Infantry Trials and Development Unit"

- Unit Overview
- Transformation: Sighting systems, Unmanned Ground Vehicles, UAS integration into the force
- Manned Unmanned Teaming (MUMT)
- AWE 19
- TommyWorks
- Conclusion

Presented by Lieutenant Colonel Neil Locke, Commanding Officer Infantry Trials and Development Unit, British Army
