

# Win a LG Smart French Door Refrigerator (a \$2,000 value) at Appliances Connection's Final 2019 Black Friday Giveaway

*Appliances Connection is ending the 2019 Black Friday event with our biggest giveaway yet. One lucky person will win an LG smart French door refrigerator.*

BROOKLYN, NY, USA, November 22, 2019 /EINPresswire.com/ -- All good things must come to an end. We're heading toward the final giveaway of the Appliances Connection 2019 Black Friday event. It's not our intention for the occasion to go out with a whimper, which is why we've saved our biggest prize for last. Beginning on 22 November, you can enter for the chance to win an [LG smart 36-inch French door refrigerator](#).

This premium fridge is the apex of food storage. It should come as no surprise as LG is one of the world's foremost appliance brands. The sleek stainless steel exterior looks good with any kitchen aesthetic and that look is easy to maintain with LG's proprietary PrintProof finish that resists smudges. The 26.2 cu ft total capacity is adequate for even the largest families. The refrigerator compartment can accommodate containers of virtually any size with adjustable shelves and door bins. A linear compressor working in concert with strategically placed vents circulates cool air evenly throughout, keeping your foods fresh longer. Humidity controlled crispers create the ideal environment for your produce. An internal filtration system gives you clean fresh water and ice via an external dispenser. In the ergonomic freezer drawer, you'll find two tiers along with partitions, so you won't have to worry about digging through a haphazard pile of frozen items.

While the refrigerator serves its main purpose impeccably, LG isn't merely a manufacturer of dependable appliances, it's one of the world's largest tech giants. They've brought that to bear in this unit with aplomb. This smart fridge can be synced with your smart devices. With LG's SmartThinQ app, you can control your refrigerator from anywhere. Set the temperature, direct it to make extra ice, and more with just a few finger taps. It's also a monitoring tool. For example, it will send alerts if a door is left open or if an item is about to reach its expiration date. The refrigerator is also compatible with Amazon's Alexa and Google Assistant so all of its functions
