

The Local Vapor Announces Expanded CBD and Non-Vapor Product Offering

The vaping retailer, widely regarded as the best vapor shop in Bucks County, reacts to CBD market boom with new CBD vape oils, gummies, body products and more.

DOYLESTOWN, PA, UNITED STATES, November 25, 2019 /EINPresswire.com/ -- [The Local Vapor](#), Bucks County's leading retailer of premium e-liquids, vaping hardware and [CBD](#) products since 2014, recently announced new additions to its CBD and non-vapor product selection in its Doylestown and Ambler locations.

"We're excited to reach new customers with our CBD range," said Ken Cala, Co-Owner and Executive Director of The Local Vapor. "In addition to CBD vape pens and cartridges, we also now carry a selection of CBD gummies, body butters, and more." Many of The Local Vapor's CBD vape oils, he mentioned, can also be used topically or orally — on their own or as a supplement to food and beverages.

The CBD market, projected to reach \$20 billion in sales by 2024, has reached a wide demographic since it became legal in the United States in 2018. Both vaping and non-vaping consumers use CBD for anxiety and pain relief, sleep aid and general relaxation. Derived from hemp, CBD is non-psychoactive and does not produce a "high."

On its website, The Local Vapor explains that while it is impossible to overdose on CBD, products containing the compound range widely in dosage. Whether taking CBD gummies, ingesting CBD oils, or vaping, it is recommended to start with a small dose and increase gradually to achieve the desired effects.

"Physical and mental well-being is something Bucks County residents care about deeply," Cala continued. "We're glad to offer products that help people feel better — with or without the vaping mechanism."
