

# Benzyl Chloroformate Market 2019 Global Industry Demand, Sales, Suppliers, Analysis and Forecasts to 2024

*Wiseguyreports.Com Publish New Market Report On-"Benzyl Chloroformate Market 2019 Global Key Manufacturers Analysis, Sales, Supply, Demand and Forecast to 2024"*

PUNE, INDIA, November 26, 2019 /EINPresswire.com/ --

## [Benzyl Chloroformate Market 2019](#)

### Market Overview

Benzyl chloroformate is a colorless and oily liquid that, benzyl chloroformate is a benzyl ester of chloroformic acid. Benzyl chloroformate appears yellowish in its impure form. Benzyl chloroformate is prepared by treating it with phosgene. Benzyl chloroformate is dangerous to health and it shouldn't be allowed to come in contact with skin and naked eyes. Benzyl chloroformate is used for the protection of amines that are functional groups. Benzyl chloroformate is also known as chloroformic acid, benzyl chlorocarbonate, carbonochloridate acid, etc.

Market by Top Manufacturers, this report covers

Paushak Limited

Thermo Fisher Scientific Inc.

J&K Scientific Ltd.

Chemlin Chemical Industry Co.Ltd.

BASF SE

Choice Organochem LLP

Nacalai Tesque

MERYER CO.

Tokyo Chemical Industry Co.

Benzyl chloroformate is useful in the synthesis of agricultural chemicals and pharmaceuticals, production of carboxybenzyl, etc. Benzyl chloroformate has been growing in regions where the usage of agrochemicals is high, benzyl chloroformate acts as an insecticide, fungicide, biocides, etc. Many farmers have been adopting benzyl chloroformate for farming activities as it is a cost-effective tool that offers various benefits, the demand for benzyl chloroformate is growing among farmers. Many companies are entering the benzyl chloroformate market in order to meet the market demands.

The Global Benzyl Chloroformate Market report provides information on challenges, recent market trends, manufacturing standards, and other necessary factors in the benzyl chloroformate market. The report provides insights into the scope for growth, consumption rate, key regions for growth and other factors in the benzyl chloroformate market, based on historical and statistical data available which would help the companies entering the benzyl chloroformate market to come up with strategies. The report divides the market into segments based on types

and applications. The report also predicts future market trends for the forecast period 2019-2024.

### Market Segmentation

The benzyl chloroformate market is growing as the products are widely used by farmers worldwide. In order to understand the benzyl chloroformate market in a deeper and simpler way, the report categorizes the market into segments based on types and applications. The types segment includes Insecticides, Fungicides, Herbicides, Sprout Inhibitors, Biocides, and Others. These products are used in farms to avoid the deterioration of agricultural produce due to insects, weeds and other factors. The application segment includes Agricultural, Pharmaceutical, Plastic, and Other. The benzyl chloroformate is used in agriculture for protection of produces and used in pharma for synthesis purposes.

### Regional Overview

The regional overview report on the benzyl chloroformate market analyzes the market at regional and global levels. The regional overview report discusses the market size, market volume and value, production and other related factors in the benzyl chloroformate market. The report also analyzes the growth opportunities, market price and revenue, market competition and other factors present in the benzyl chloroformate market based on regions. The report covers the regions of North America where the United States, Canada, Mexico are expected to play a key role for growth. The report also covers European regions where the potential areas for growth are Germany, UK, France, and Italy. The report, in addition, covers Asia-Pacific, South America, MEA and other regions along with the key growth areas in these regions.

### Industry News

Paushak limited, a phosgene chemical based company in India has created a niche market in India, the company has emerged as the largest and richest company in the niche phosgene market in India. The company's net worth has risen above 600 crores INR. No other phosgene chemical based company in India come close to Paushak.

### Table of Contents –Analysis of Key Points

- 1 Market Overview
  - 2 Manufacturers Profiles
  - 3 Global Benzyl Chloroformate Sales, Revenue, Market Share and Competition by Manufacturer (2017-2018)
  - 4 Global Benzyl Chloroformate Market Analysis by Regions
  - 5 North America Benzyl Chloroformate by Country
  - 6 Europe Benzyl Chloroformate by Country
  - 7 Asia-Pacific Benzyl Chloroformate by Country
  - 8 South America Benzyl Chloroformate by Country
  - 9 Middle East and Africa Benzyl Chloroformate by Countries
  - 10 Global Benzyl Chloroformate Market Segment by Type
  - 11 Global Benzyl Chloroformate Market Segment by Application
  - 12 Benzyl Chloroformate Market Forecast (2019-2025)
  - 13 Sales Channel, Distributors, Traders and Dealers
  - 14 Research Findings and Conclusion
  - 15 Appendix
- List of Tables and Figures
