E-Guide

“Mel is one of the rare leaders in the industry as she not only talks the talk, but she walks the walk with her own successful facility. In an industry filled with people who don’t have health clubs, she is one that speaks from deep rooted experience and is not afraid to tell you how it is. Always learning, always adapting and most of all, always sharing the lessons on building a health club. She really is a great asset to this wonderful industry.”
