Consumer Lending Market Philippines 2023

## Description:-

After enjoying significant growth in 2017 thanks to the favourable economic background, in 2018 consumer lending in the Philippines showed signs of stabilisation amidst regulatory changes. While banks and non-financial institutions continued to improve their consumer lending offers, the willingness of consumers to take up such offers was tempered by a drastic change in the income tax regime and the adjustment of several excise tax rates. The automotive industry was among those most affected by...
