

Ivacy VPN Announces Cyber Monday Deal - Promoting Safe Online Shopping

Amidst the online shopping frenzy, risks are lurking around. Ivacy VPN campaigns around safe shopping by offering a 90% discount on its subscription.

SINGAPORE, SINGAPORE, December 2, 2019 /EINPresswire.com/ -- [Ivacy VPN](#), the recipient of the Fastest VPN Award, has announced a [Cyber Monday VPN deal](#) for internet users. The intent behind this amazing discount is to encourage online shoppers to exercise the utmost caution while shopping their hearts out this festive season, as they are exposed to unimaginable threats.

Given how aggressive cybercriminals are during the online shopping seasons, an individual is at the risk of losing sensitive data to data thieves, falling prey to online scams and getting hacked.

The internet certainly is not a safe place, and becoming prey to online fraud or scam can be traumatizing. Globally, digital security companies speak volumes concerning the imminent danger of cyberattacks, while laws are being implemented to monitor cyber crimes closely.

“

We understand the risks involved in online shopping, therefore, we encourage the internet users to exercise total security by protecting themselves behind a VPN”

Alan Martin, Head of Communications at Ivacy VPN.

We reiterate our vision that cybersecurity is a necessity rather than a luxury, which is why we have introduced rates that lie within the affordability range of all VPN users, this Cyber Monday!

In the end, we suggest users [get a VPN](#) so they can have a seamless and tension free shopping experience.
