

Leader in Women's Health Dr. John Bullis Now Offering the Joylux Suite of Solutions for Intimate Wellness

BELLEVUE, WA, USA, December 4, 2019 /EINPresswire.com/ -- A leader in women's health in the Pacific Northwest, Dr. John Bullis, a board-certified OB/GYN (ABOG) who is also certified by the American Board of Cosmetic Surgery (ABCS), is the first gynecologist to offer [vFit PLUS™](#) and the HER Intimate Care™ line in Washington State at [A-to-Zen](#) Cosmetic Surgery and Aesthetics in Bellevue.

"We are proud to feature the complete [Joylux](#) range of products for our patients as an adjunct to our cutting-edge solutions for intimate health. We were the first provider in Washington State to offer ThermiVa®, O-Shot®, and now the groundbreaking vFit PLUS and HER intimate care line as the total package to address all of our patients' needs in a clinically proven manner," says Dr. Bullis.

Manufactured by Femtech trailblazer Joylux, vFit PLUS offers a unique solution for intimate wellness that has proven to be both safe and effective. The protocol is easy to follow; women do a session every other day for 12 minutes and see results after 6 weeks. Ninety-five percent of women who used the device reported improved wellness.

"vFit PLUS can be used alongside and/or as maintenance post our extensive range of best-in-class in-office solutions. The newly launched HER Intimate Care is also a welcome addition to enhance our patients' options for delivering powerful results from head to toe," says Dr. Bullis.
