

ZB.com Launches New Mobile App V4.0

AMERICA, December 5, 2019 /EINPresswire.com/ -- Digital assets exchange delivers major social trading functionality.

The world's first community based social trading platform for digital assets was launched by ZB.com this week. Offering a new vision and design, Version 4.0 of the ZB App includes eight entirely new features and more than sixty UX improvements.

In a first, ZB App now includes a robust messenger service that enables users to build friend lists, organize their own public and private groups, and directly send and receive cryptocurrencies via gift packets. These features enhance the user experience by providing exciting new possibilities. Now ZB users are empowered to not just trade their digital assets in relative solitude, but instead, connect with one another, directly sharing knowledge and ideas.

Upgrades extend beyond new social functions to also include powerful trading features. The newly automated borrowing function makes margin

About ZB.com

ZB.com is the flagship exchange of ZB Group and one of the world's longest running and most trusted digital asset trading platforms. Established in 2013, ZB customers have enjoyed over six years of secure trading.

The exchange proudly applies the industry's strictest listing standards to deliver a highly curated user experience. Less than 100 projects have ever listed ZB.com. This is balanced with efforts to be first listing the absolute most innovative projects. For example, ZB was the first in Asia to list ETH and EOS, and strives to continue this tradition of excellence. All the tools a sophisticated trader expects including margin trading, OTC, crypto loans and more are available on the platform. ZB.com is your home for asset security, deep liquidity, and opportunity.
