

# High-Flyers in Digital Marketing: Latest Ranking by ITFirms

*ITFirms imparts steam to top digital marketing agencies that are way ahead in the race!*

NEW YORK, UNITED STATES, December 5, 2019 /EINPresswire.com/ -- There is something to be said of a business (or maybe those who work-in) who prefer a bone to a bonus and a pat to a promotion. Successes and failures go hand-in-hand. The 'work-in-progress' has to be converted into 'work-successfully-completed'. To achieve this, it is advisable to look at the health of business's financial statements, check the extent to which your customers are satisfied and happy, predict growth, conduct performance reviews for employees (in-house and outsourced), stay current on the market and true to your expectations. To this, decreased profitability could be a good time to introduce new products if the demand for your current product or service is put on hold. Lastly, assessing their own expectations, considering their own perceptions, how they feel their business is doing? If the numbers are good, do they really feel they are where they want them to be? Are they happy with their progress to encourage all-around success? ITFirms lists big ten digital marketing agencies on its latest ranking list:

1. Mobikasa
2. Elsner Technologies
3. EasySEO
4. Biztech
5. SoftProdigy
6. Kinex Media
7. IPIX Technologies
8. Universal Stream Solution
9. eStore Factory
10. Krify
