

# Digital Workplace Solution TITAN Adds More Power to MS Teams

*Integrated Teamwork Solution to enhance MS Teams experience.*

GURGAON, HARYANA, INDIA, December 5, 2019 /EINPresswire.com/ -- [Adapt Software India](#) announces the general availability of its flagship digital workplace solution called [TITAN](#) that now extends the capabilities of MS Teams. One of the leading modern workplace solution built on top of Office365, TITAN unifies all communication, documents and collaboration tools within Teams.

Teams + Titan brings all the collaborative features of SharePoint within Teams and transforms your businesses

“We have built a [Teamwork solution](#) that brings Document management, Project management, Tasks and Readymade Intranet within Teams. Users can now continue to work within Teams and collaborate with their co-workers with the help of these additional features,” said Ashish Kamotra, CEO. The new Teamwork solution will help our customers to drive Office365 consumption faster by adding more power to Teams, said Ashish.

“Most of the enterprises having Office365 are underutilizing its power and functions, and therefore they need a SaaS solution like TITAN to fully leverage Office365 and Teams. The speed at which companies are adopting Teams is amazing. I believe that the success of Teams is attributed to its simple framework that offers flexibility & capability to add more information to your Teams and build applications around it. TITAN has brought the power of SharePoint within Teams to offer a seamless experience of true collaboration for any enterprise. Offered as SaaS, Titan has tremendously increased user adoption of Office365 within few weeks of its deployment for many companies worldwide,” said Ashish.
