Segmentation:

The global White Spirits market is segmented based upon type, application and region. Based upon type, the White Spirits market is further segmented as

High Flash Grade
Low Flash Grade
Regular Flash Grade

Based upon Application, the White Spirits Market is further segmented as
Degreasing Solvent
Disinfectant
Paint Thinner
Fuel
Cleaning Solvent
Others

Based upon region, the white spirits market are further segmented as
North America (United States, Canada)
Europe (Germany, France, UK, Italy, Russia, Spain)
Asia Pacific (China, Japan, Korea, India, Australia, New Zealand)
Middle East & Africa (Middle East, Africa)
Latin America (Mexico, Brazil, C. America, Chile, Peru, Colombia)

Regional Analysis:

North America is the market leader in terms of demand and revenue in white spirits. The region has a world class manufacturing, automotive and chemical industry and relies heavily on research and development. United States of America is a major global player from the region.

Europe is the next major market for portable gas generators. Heavily organized manufacturers and superior technology and infrastructure are some major reasons for the growth in demand in the region. A strong economy with high purchasing power are factors favoring high growth in the region.

Asia Pacific is expected to grow at the highest rate. The region has a high population density and high demand for white spirits market. Rapid urbanization, emerging industrialization and rise in agriculture and transport infrastructure are major drivers in the region.

A growth in disposable income among consumers, increase in demand for white spirits related products in transportation, agriculture and chemical are driving factors for the region
China and India with high population density are the most lucrative regions for the growth of White Spirits industry.

Industry News:

With rise of global population, the demand for white spirits have increased over time. Chemical industries are increasingly reliant on white spirits. Growth of industrial activities in emerging economies are further expected to propel the growth of the white spirits.

The rapid urbanization world over has further boosted the market for white spirits. The global economic and trade war is expected to be an obstacle in future for significant growth. This can be negated with local rise in manufacturing and industrial sector in emerging economies to boost local demand for white spirits.
