deep experience, knowledge and insights to Carlsbad."

Molds are part of the natural environment, existing indoor and outdoor. But mold problems can develop in Carlsbad homes when mold grows on surfaces that are damp or wet. If your home smells moldy but you cannot see the mold source, you might need a mold inspection to locate hidden mold. In addition, you might want a mold inspection if your Carlsbad home had water damage or if you or your tenants are experiencing health problems. Mold could be hidden in many possible places.

Carlsbad residents may also want mold inspections and testing performed so they can have peace of mind that their home does not have a mold problem in the indoor environment. For clients who are buying a home or moving into a different home in Carlsbad, California, EZ Mold Inspections can help them find out if they need to be concerned about potential mold problems inside the building. The company has worked with homeowners, tenants, landlords, property managers and realtors.
