

# HIGH-OCTANE VIRTUAL REALITY RACER RADIAL-G: PROTEUS OUT NOW ON OCULUS QUEST

*The Quest's first premium racing title is out now, with brand new features, soundtrack and gameplay*

MANCHESTER, UNITED KINGDOM,  
December 17, 2019 /  
EINPresswire.com/ -- The futuristic  
anti-gravity racing game that  
Polygon.com said was, "Fast, beautiful  
and shows mastery of VR design" is out  
now on the Oculus Quest.

Three years after it's initial launch, this  
new addition to the franchise is  
brought to the untethered Oculus  
Quest headset by indie VR games  
publisher [Things3D](#).

A huge hit on previous VR platforms  
including Rift, PSVR and Vive, Tammeka  
Games' all-new version of [Radial-G](#)  
delivers the Oculus Quest's first  
hardcore, premium racing experience.  
Brought exclusively to the untethered  
Oculus headset by VR games publisher  
Things3D, Radial-G: Proteus is available  
to download today from 10AM PST/6PM GMT worldwide.

Radial-G Proteus Hero

Radial-G Proteus - Intense Oculus Quest Racer

The futuristic race puts players in control of a sleek spaceship. The tracks are built from winding, coiling tubes with the ship rocketing around its circumference. The environments offer stunning, vertiginous views, if the pilot dares to take their eyes off the track.

#### RADIAL-G: PROTEUS - OMEGA UPDATE

In Q1 2020, the first Radial-G: Proteus update will be released, adding the following awesome features to the game:

- \* New boss-fight game-mode
- \* Additional racetrack
- \* Expanded single player campaign
- \* Three additional, unlockable ships

Radial-G: Proteus blasts off on Oculus Quest

And you'll be excited to hear that multiplayer is also confirmed for a Radial-G: Proteus update.
