

Electronic Trading Platform Market: Global Analysis, Industry Share, Size, Trends, Growth Analysis Forecast to 2019-2025

Electronic Trading Platform -Market Demand, Growth, Opportunities and Analysis Of Top Key Player Forecast To 2025

PUNE, MAHARASHTRA, INDIA, December 18, 2019 /EINPresswire.com/ -- [Electronic Trading Platform Industry](#)

Description

In the financial sector, the electronic trading platform, also known as the online trading platform, is a computer software program that can be used to place orders for financial products through the network and financial intermediaries. Various financial products can be traded through a trading platform, through a communication network with financial intermediaries or directly between participants or members of the trading platform. This includes stocks, bonds, currencies, commodities, derivatives and other products, as well as financial intermediaries such as brokers, market makers, investment banks or stock exchanges.
