

# Perpetual Motion Properties Buys Houses As-Is

*Perpetual Motion Properties is an expert home buying company in the Modesto area. They can be reached at (209) 485-9969.*

MODESTO, CALIFORNIA, UNITED STATES, December 23, 2019

/EINPresswire.com/ -- Perpetual

Motion Properties today announced that their home buying process has been significantly streamlined! Where in the past unhappy homeowners would cry out "Sell my house fast!", Modesto real estate firms have never been able to do things quickly. Until now, that is. When an unhappy

homeowner reaches out to the Perpetual Motion Properties team, the average waiting time between that first contact and the cash payment is only two weeks. That's unheard of!

As the go-to [Modesto home buyers](#), Perpetual Motion Properties take their responsibility for revitalizing the Modesto real estate market very seriously. And it shows: Customer testimonials show their service to be supportive, empathetic, and fast. And fast it is: after the client first contacts the team, a friendly Perpetual Motion Properties agent will reach out to schedule a one-on-one meeting at the location the client wishes to sell. A few photos later, and the client gets to pick his or her closing date. Perpetual Motion Properties will arrive on the scene with a cash payment, and the client gets to walk away worry-free.

Erasing worries and stress really is the end goal for Perpetual Motion Properties. Wanting, as they do, merely to help people going through rough divorces, messy inheritance arguments, and other property-centric nightmare, Perpetual Motion Properties has the people first in mind. It's why they waive all typical real estate agent fees, make sure to make competitive and extremely fair offers, and try to get things done as quickly as possible—because they know that someone's happiness is riding on the line.

All Modesto-based unhappy homeowners should reach out to Perpetual Motion Properties the moment that they have a house on their hands they wish to get rid of! Their track record of success will put even the most skeptical homeowner at ease.
