

# OXIDIEN PHARMACEUTICALS TO PRESENT AT BIOTECH SHOWCASE™ 2020 IN SAN FRANCISCO

---

GAINESVILLE, FL, US, January 6, 2020 /EINPresswire.com/ -- Oxidien Pharmaceuticals, a clinical-stage biopharmaceutical company developing a best-in-class enzyme therapeutic for an unmet kidney disease indication, today announced that it will present at [Biotech Showcase™ 2020](#), to be held January 13–15, 2020 at the Hilton San Francisco Union Square, in parallel with the 38th annual J.P. Morgan Healthcare Conference.

During the presentation Oxidien's Chief Executive Officer will present recent progress as well as anticipated milestones for its hyperoxaluria program. Hyperoxaluria is a serious metabolic disorder and a risk factor for nephrolithiasis, nephrocalcinosis, and oxalate nephropathy leading to chronic kidney disease. Oxidien's immediate focus is the continued development of an elegant oral enzymatic strategy to treat secondary hyperoxaluria. There are currently no effective approved drug therapies for any type of hyperoxaluria. Details of the presentation are as follows:

Date: Tuesday, January 14, 2020

Time: 3:00 p.m. (PST)

Location: Hilton San Francisco Union Square Hotel, 333 O'Farrell Street, San Francisco

Track: Franciscan C (Ballroom Level)

Oxidien is also hosting one-on-one meetings with registered attendees of Biotech Showcase including investors and industry stakeholders through the [online partneringONE system](#) or via direct contact with the principal below.
