The lawyers at the law firm of Karst von Oiste are responsible for over a billion dollars in compensation settlements for people with asbestos exposure lung cancer and mesothelioma and they work overtime for their clients. For direct access to the attorneys at the law firm of Karst von Oiste please call 800-714-0303. www.karstvonoiste.com/

The Texas US Navy Veterans Lung Cancer Advocate is offering the following free services for a Navy Veteran or person with asbestos exposure lung cancer in Texas or anywhere in the United States:

* "We will assist with VA Disability payments for Navy Veterans."

* "We will assist a Navy Veteran or person with asbestos exposure lung cancer get organized about how, where and when they were exposed to asbestos. We call this service the 'list' and it is

this information that becomes the basis for an [asbestos exposure lung cancer compensation](#) claim as we would like to discuss at 800-714-0303." <https://Texas.USNavyLungCancer.Com>

The Texas US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Houston, Dallas, San Antonio, Austin, El Paso, Fort Worth, Corpus Christi, Plano, Laredo, Arlington or anywhere in Texas. <https://Texas.USNavyLungCancer.Com>

High-risk work groups for exposure to asbestos in Texas include Veterans of the US Navy, a civilian employee at Ford Hood, Fort Bliss or Lakeland Air Force Base, a power plant worker at one of Texas's dozens of nuclear or conventional power plants, a oil refinery worker at one of Texas's numerous oil refineries, oil rig workers, chemical plant workers, shipyard workers, factory workers, public utility workers, plumbers, electricians, auto mechanics, welders, millwrights, insulators, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's. www.karstvonoste.com/

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers. <https://www.cdc.gov/cancer/lung/statistics/index.htm>.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode

"If you are a person anywhere in Texas with lung cancer and you had heavy exposure to asbestos in the navy or at work please call us at 800-714-0303 attorneys at the law firm of Karst von Oiste."
