The global animal hospitals and veterinary clinics market was valued at about \$67.3 billion in 2018 and is expected to grow to \$105.22 billion at a CAGR of 11.8% through 2022."

*Abdul Wasay*

LONDON, GREATER LONDON, UK, January 7, 2020 /EINPresswire.com/ -- The global animal hospitals and veterinary clinics market is expected to grow to \$105.22 billion at a rate of about 11.8% through 2022. The rise in adoption of companion pets globally is driving the animal hospitals and veterinary clinics market. However, a shortage of skilled veterinarian professionals in many nations is having a negative impact on the growth of the animal hospital and veterinary clinics market.

The animal hospitals and veterinary clinics services market consists of sales of animal hospitals and veterinary clinics

services such as consultation, surgery, medicine and other food items for animals. Veterinary clinics are those premises at which veterinary surgery is practiced, but at which animals are not retained overnight. In veterinary hospitals, veterinary surgery is practiced and animals receive treatment, nursing care, and other services. Services in veterinary hospitals include reception, treatment and care of animals suffering from disease or injury, or those in need of surgical or medical treatment or assistance.
