first digital video, "MAGA Church"

highlighting the hypocrisy of those who claim the mantle of Jesus while supporting or ignoring President Donald Trump's immoral acts. The video features Evangelical pastors, including members of Trump's influential Evangelical Advisory Board. Highlighted in the video are White House faith advisor Paula White, Robert Jeffress, Franklin Graham, Michele Bachmann and Jerry Falwell Jr.

"Donald Trump has hijacked the GOP, the conservative movement and now, with the help of these charlatans, one of the largest faith communities in America," said Jennifer Horn, of the Lincoln Project. "It is clear that in exchange for power and money these "pastors" have been tasked with recasting Trump's absurdities and moral failures as nothing short of prophetic divinity."

"President Trump's corruption and dishonesty destroys every person and institution he touches," Horn continued. "But with faith leaders like these, who spin vices as virtues, the President believes he is exempt from the wages of sin as long as he delivers power to those Evangelical leaders who so clearly crave it."

"Americans of faith, deserve leaders who want to make the world in which we live a better place through their belief. Those Evangelical leaders who lay their loyalty and faith on the altar of Donald Trump are betraying their congregants and their country."

Evangelical voters are one of the largest voter blocs in the country, representing 26% of the electorate in 2016.

The Lincoln Project is working to defeat Donald Trump and those candidates who have abandoned their constitutional oaths, regardless of party.
