

Dean Dorton Once Again Recognized as Bob Scott's VAR Stars 2019

Dean Dorton announces its recognition in Bob Scott's VAR Stars for the fifth consecutive year.

RALEIGH, NC, UNITED STATES, January 9, 2020 /EINPresswire.com/ -- Dean Dorton, a leading full-service CPA and business consulting firm, is named

once again to Bob Scott's VAR Stars for 2019. The VAR Stars list is a group of 100 organizations across the nation that are honored for their accomplishments in the field of midmarket financial software.

As a long-time Sage Intacct Premier Partner and Microsoft Dynamics Great Plains Partner, Dean Dorton has a rapidly growing ERP VAR practice throughout the United States, having been named a Top Firm in the Southeast by Accounting Today several years in a row.

"The market for financial management software is continuously scaling and Dean Dorton strives to help organizations meet their day-to-day technology needs through cloud-based accounting, automated processes, and flexible reporting," said Philip Massey, Director of Software Consulting at Dean Dorton.

"We are extremely excited to have been recognized in this list of VAR Stars as it demonstrates the success and growth of our firm overall, along with the consistent drive of our technology team to provide our clients with high-quality service and the best accounting software solutions out there."

Members of the VAR Stars were selected based on factors such as growth, industry leadership recognition, and innovation. Selection is not based on revenue and those firms chosen represent a wide range of size and many different software publishers of accounting software.

"Each year, 100 VAR Stars are picked from the best organizations that market financial software. It is always an honor to recognize those who contribute to the development of our business," Bob Scott said.

This is the fifth consecutive year that Dean Dorton has been recognized as a VAR Star.
