Today the Lincoln Project ([www.lincolnproject.us](http://www.lincolnproject.us)) announced a new list of Senior Advisors, including:

- Sally Canfield
- Chip Felkel
- Molly Jong-Fast
- Sophia Nelson
- Tom Nichols
- Tara Setmayer
- Chris Vance

These advisors represent a broad coalition of patriotic Americans ready to put country over party and work together for the good of our nation, regardless of political differences.

“The Lincoln Project represents millions of Americans who know the truth about Donald Trump; that he is a corrupt, hypocritical narcissist who will destroy everything in his path – including our Constitution – to expand his power and personal wealth. We are proud to announce today that our non-partisan coalition of leaders is growing,” said Jennifer Horn, of the Lincoln Project.

“Defeating Donald Trump is not a partisan campaign issue,” said Tom Nichols, national security expert and former Republican US Senate staff member. “It is a call to all Americans to defend our Constitution. That is why I am proud to be a part of the Lincoln Project in this critical effort.”

Chris Vance, former Chairman of the Washington state Republican Party, said the GOP he spent 37 years building no longer exists. “The GOP has been overrun by isolationism, protectionism, nativism, and slavish loyalty to a man who is not fit to be President. This year I will do everything I can to defeat Donald Trump and his enablers and apologists. That starts with supporting the Lincoln Project.”

“Our mission is to return our country to a place where ideas, civility, and truth matters, and where the leaders we elect chart a positive course that our children and grandchildren can be proud of,” said Sally Canfield. “Those leaders who turn a blind eye to the blatant disregard of the Constitution by this President must be defeated.”
