

Global Electric Dryers Market Outlook 2019-2023 | The Business Research Company

TheBusinessResearchCompany.com adds Electric Dryers Global Market Report 2020 to its research database. The complete research is covered across 150+ pages

LONDON, GREATER LONDON, UK, January 18, 2020 /EINPresswire.com/ -- The global [electric dryers market](#) is expected to grow at a rate of about 10.29% and reach \$10.8 billion by 2023. Technological advances drove the market for dryers in the historic period. Increased access to the internet and use of smartphones supported the development and consumption of innovative technologically-enabled appliances. However, increasing demand for online on-demand laundry services is expected to restrain the market for dryers in the forecast period.

The global electric dryers market was worth \$7.3 billion in 2019. It is expected to grow at a compound annual growth rate (CAGR) of 10.29% and reach \$10.8 billion by 2023”

Abdul Wasay

The electric dryers manufacturing market consist of sales of clothes dryers. Clothes dryers are extensively employed

by the household consumers for carrying out the activity of drying clothes. The main function that is performed by the device is to soak up the moisture from the clothes, lessen the aroma level, and eliminate dust-mites from the clothes.
