

# 4 & 5 Year Anniversary for Cedar Management Group Operations Managers'

*Cedar Management Group, an Accredited Association Management Company, celebrates employees' 4 & 5 year anniversary serving homeowners.*

CHARLOTTE, NC, USA, January 22, 2020 /EINPresswire.com/ -- Cedar Management Group, AAMC, is very fortunate for the service and commitment of two of their very own operations managers. On January 27th, Nikki Webb, Maintenance Team Manager, will be celebrating her 5 year anniversary with Cedar Management Group while on January 21st, Kala O'Connor, Violations Team Manager, will have celebrated her 4 year anniversary with Cedar Management Group.

“

We all simply want Cedar's communities to thrive beautifully and for home values to skyrocket!"

*Kala O'Connor, Violations Team Manager*

Nikki started with Cedar in the Community Support Department as a bilingual phone agent and gradually worked through the company becoming a Maintenance Coordinator and eventually the Maintenance Team Manager. The [HOA Maintenance](#) Team is responsible for coordinating routine repairs as well as large maintenance projects and works with homeowners, board members, community managers, and vendors to coordinate the repair process. When asked how she was able to move up through this company so quickly, Nikki responded, "I think

my success came from my belief that it takes care and passion to be a leader. I have always cared about Cedar and our communities and I have found passion in everything I do!" She added, "I thank God every day for how He has blessed me with this team and company!"

Having prior knowledge of service industries, Kala also started in the Community Support Department and then moved on to become a Maintenance Coordinator. After working with the Maintenance Team, she transitioned to the Violations Team and served as the Assistant Manager before being promoted to the Violations Team Manager. The [HOA Covenant Enforcement](#) Team (aka, "Violations Team") helps coordinate the HOA enforcement process in each community. The team provides services including property inspections and neighborhood drive throughs. They routinely work with the HOA board and the community manager to identify potential infractions within a community and ensure that all procedures and communications with the homeowner are documented appropriately.

We asked Kala to comment on her years of service and her new position. Kala shares, "Being the Violations Manager can be tough at times but I love my job! We all simply want Cedar's communities to thrive beautifully and for home values to skyrocket! It's been an honor to work here for so many years and I expect many many more to come!"

## About Cedar Management Group

Today, Cedar provides association management services to over 800 homeowner associations and condominium associations throughout North and South Carolina, representing over 150,000 homes. These services include [HOA accounting](#) and financial management, vendor management, onsite management, legal assistance, reserve planning, and various value-added services to communities of all sizes.
