

Viper Tool Storage Introduces the New 2020 Garage System Made to Assemble in Minutes with Lockdowel Fastening

Garage Kit from Viper Tool Storage Assembles in about 15 Minutes

TEMECULA, CA, USA, January 22, 2020 /EINPresswire.com/ -- [Viper Tool Storage](#) is ready to help organize your garage or shop for 2020 with the all new Complete Garage System. Made with easy-to-assemble [Lockdowel](#) fastening, the complete system offers eight components including; locker, two-drawer base cabinet, one-drawer base cabinet, two upper wall cabinets, two steel peg boards and a 72 inch workbench.

"We are really excited to launch this flat-pack, complete storage solution that assembles in about 15 minutes," Brian Eastman President and Founder of Cala Industries, the makers of Viper Tool Storage, says. "With Lockdowel's slide-to-lock fastening technology and no show hardware, organizing your workspace for 2020 is more beautiful - and easier than ever!"

New Viper Tool Storage Complete Garage System delivered flat-pack and assembled with Lockdowel hidden fasteners.

The Complete Garage System's combined storage capacity is over 72,000 cubic inches and the entire cabinet system is made in the USA. Each drawer holds up to 100 pounds with ball bearing slides for smooth, quiet operation. Soft close hinges prevent the doors from slamming and gas struts allow for controlled opening and closing. Adjustable feet allow leveling, even on uneven floors. Click here for a complete description: <https://vipertoolstorage.com/product/8-piece-garage-system-w-work-surface/>
