About CCHR:

Initially established by the Church of Scientology and renowned psychiatrist Dr. Thomas Szasz in

1969, CCHR's mission is to eradicate abuses committed under the guise of mental health and enact patient and consumer protections.

It was L. Ron Hubbard, the founder of Scientology, who brought the terror of psychiatric imprisonment to the notice of the world. In March 1969, he said, "Thousands and thousands are seized without process of law, every week, over the 'free world' tortured, castrated, killed. All in the name of 'mental health.'"
