

National Floors Direct Now Offering Shaw SPC Core Waterproof Luxury Vinyl Plank & Tile Flooring

ASTORIA, NY, UNITED STATES, January 24, 2020 /EINPresswire.com/ -- [National Floors Direct](#), one of the Northeast United States' most successful direct-to-consumer carpet and flooring specialty services, is excited to announce it is the first specialty retailer to carry in-stock a new product category: Shaw SPC core waterproof Luxury Vinyl Plank & Tile flooring. National Floors Direct is well-known throughout the region for its extensive catalog of exceptional-quality products from some of the world's biggest manufacturers, Shaw included. This new product adds to the broad range of selections ideal for busy businesses and bustling households.

Shaw SPC core waterproof Luxury Vinyl Plank & Tile is one of the latest upgrades in the vinyl market. Vinyl is heralded by contractors and property owners alike for its affordability, versatility, low-maintenance, and aesthetics. Shaw's waterproof vinyl is a cut above the rest with its resilience to moisture-buildup. With many types of floors, water from the shower, sink, leaky pipes, and wet shoes can penetrate the floors, resulting in trapped moisture which may result in mold and mildew. Mold can eat away at materials and present health hazards.

Not only can waterproof vinyl help you maintain a healthier environment, but it is also easier to clean. Because moisture cannot penetrate the surface, you can simply wipe up spills instead of soaking. Its low-maintenance and moisture resistance make it an ideal choice for high-traffic and moist areas, including mudrooms, kitchens, bathrooms, and entryways.

In addition to its resilience and easy care, Shaw's waterproof vinyl is available in a broad range of styles and colors. If you're not sure what color or style is best suited for your space, the [National Floors Direct team](#) will happily deliver samples right to your door to help you select the ideal look.
