

VentureWrench Announces InvestorFind™ - A Unique, Curated Database of Startup Investors

Designed to Help Entrepreneurs Quickly Find Their Perfect Investors™

SILICON SLOPES, UTAH, US, January 28, 2020 /EINPresswire.com/ -- The [VentureWrench™ Startup Coaching Community](#) from Enclavix™, LLC today announced its newest tool to help entrepreneurs find their Perfect Investor™, the new [InvestorFind™ database](#).

The VentureWrench team has carefully curated detailed information about thousands of investors including Venture Capital Firms, targeted Private Equity Firms, and selected Angel Investors and Angel Networks. The detailed data gathered includes the investor's theme or themes, including details about the industries they invest in, the stage they're interested in, the geographical areas they target plus all of the other information entrepreneurs need to help target their "Perfect Investor".

“

Access to capital is an essential part of starting and growing a business. InvestorFind™ is intended to help entrepreneurs level the playing field and increase their likelihood of raising capital.”

President & CEO and
VentureWrench co-creator*

In the VentureWrench online course, [Designing the Perfect Investor™](#), the VentureWrench team helps entrepreneurs learn how to Design The Perfect Investor to improve the odds of raising capital from investors. The course teaches DIY methods to find those investors, but it was clear that a specially curated database with the right information would further simplify the job for entrepreneurs, saving them time! Entrepreneurs request a custom search of the database with a profile of their perfect investor to

jumpstart their capital raising process.

Nicole Toomey Davis said, "The VentureWrench team is always looking for ways to help entrepreneurs accelerate their success. Access to capital is an essential part of starting and growing a business, but so many entrepreneurs don't know anything about the complex, and insular, venture capital industry. Our coaching course, [Designing the Perfect Investor™](#), combined with our [InvestorFind™](#) database, are intended to help entrepreneurs level the playing field and increase their likelihood of raising essential capital."

The cost of a custom search is \$1000 (USD), but those entrepreneurs who have signed up for the course [Designing the Perfect Investor™](#), get the search for half price. For more details visit the [InvestorFind™](#) page.
